

## Math Plans Using IXL Online

Mary Lynn Roush from Corvallis, Oregon has created the following packages for students to use. She has the students use the Math IXL program to "earn" miles and race across the Yukon Quest trail. [Here are the directions](#) [1]. [And the document to print and pass out to students](#) [2]. This is a good resource for schools that use the IXL program.

This is what it looks like.
